

## UCLA PANHELLENIC RECRUITMENT COUNSELOR APPLICATION

Dear Prospective Applicant,

Thank you for your interest in becoming a Recruitment Counselor for the 2022 Fall Formal Recruitment process! This role is an integral component for recruitment as it is the job of our Recruitment Counselors to assist the potential new members in finding their homes in the Panhellenic Community at UCLA. Being a Recruitment Counselor also means you will play a part in setting the tone for the experience that women new to our community will have throughout their time here and the views they form about our community as a whole.

For many of the women going through recruitment, you are one of their first friends at UCLA. Even more likely, you are the first UCLA Panhellenic woman that she really gets to interact with. That being said, a Rho Gamma is a lot more than giving out party schedules. You, of course, bring schedules, snacks and a folding chair, but you also serve as an academic, social and emotional resource to the potential new members. The qualities vital to a Recruitment Counselor are good listening and communication skills, dedication and empathy, responsibility and reliability, and openness to challenging yourself and your perceptions of our community. If you are willing to push our community to grow and to grow yourself, becoming a Recruitment Counselor can be an unforgettable and rewarding experience.

A complete application consists of three parts: **the application form, answers to the listed questions, and a resume**. The three documents should be sent to the email address [rhogamma.pan.ucla@.com](mailto:rhogamma.pan.ucla@.com) by 11:59pm on March 4th (Friday of Week 9).

If you have any questions or concerns, please do not hesitate to reach out, and good luck with the application process!

Sincerely,

Your UCLA Panhellenic Council Recruitment Team

Barbra Lyons- Recruitment Counselor Coordinator  
Liv Stokes- Vice President of Membership  
Sam Vi-Tang- Panhellenic President  
Natalie Brown- Executive Vice President
